List of nursery stock.

1914 1917

CERTIFICATE OF NURSERY INSPECTION.

NO. 9.

Season of 191~~6~~-17.

This is to certify, that in accordance with regulations of the N. C State Board of Agriculture, by authority of the Legislature, the salable nursery stock for sale by Freestone Nurseries at Minneapolis, N. C., has been inspected by a duly authorized Inspector, and has been found apparently free from dangerously injurious insect pests and plant diseases.

This certificate does not apply to stock not grown in the aforesaid nurseries unless such stock is covered by proper certificate in favor of the nursery where grown; it is not transferable, and may be revoked for cause.

This certificate expires September 30. 191~~7~~ (not to be used after that date).

Issued at Raleigh, N. C., Sept. 13. 191~~6~~

Franklin Sherman, Jr., Entomologist.

## Read Carefully

Our nurseries are located 1 1-4 miles north of Minneapolis, N. C., and 3-4 miles from the Linville River Railway. We were established in 1900. Our nurseries are inspected annually by the North Carolina State Department of agriculture, and we take much care in keeping up the standard of excellence. To all purchasers we wish to say that we can give as good trees as the larger nurseries and at very reasonable prices; we being able to ship any time in season, and that is almost all the year.

We exercise the greatest care in attempting to have all our trees, shrubs, etc., etc., true to name, but if any should prove otherwise we will gladly make corrections: we are at no time responsible for a greater amount than that paid for such trees or plants.

Be careful when sending orders to write name and address plainly, giving shipping point if different from postoffice.

Our terms are cash with order. Send money by bank draft, postal money order, or registered letter. Money sent
